Whiter than Snow

James Nicholson & William Fischer

Purge me with hyssop, and I shall be clean; wash me, and I shall be whiter than snow. Psalm 51:7

```
    D                                A          D
1: Lord Jesus, I long to be perfectly whole;
                                 A            D
I want Thee forever to ransom my soul.
                           G                     D
Break down every idol, cast out every foe:
                                        A            D
Now wash me, and I shall be whiter than snow.

Chorus:
 A                              D       G     D
Whiter than snow, yes whiter than snow;
       G                 D             A             D
Now wash me, and I shall be whiter than snow.

    D                                  A            D
2: Lord Jesus for this I most humbly entreat;
                                       A         D
I wait blessed Lord, at Thy crucified feet.
                         G                           D
By faith, for my cleansing I see Thy blood flow:
                                        A            D
Now wash me, and I shall be whiter than snow.

    D                                    A          D
3: Lord Jesus, Thou knowest I patiently wait;
                                       A            D
Come now, and within me a new heart create.
                             G                                D
To those who have sought Thee, Thou never said "No:"
                                        A            D
Now wash me, and I shall be whiter than snow.
