    F#m                          B7                    E7  ~
But do you recall the most famous reindeer of all.

    A                                                      E7
1.  Rudolph, the red-nosed reindeer had a very shiny nose,
                                                          A
And if you ever saw it, you would even say it glows.
                                                        E7
All of the other reindeer used to laugh and call him names,
                                                       A
They never let poor Rudolph join in any reindeer games.
   D                  A              E7              A
Then one foggy Christmas Eve Santa came to say,
