Singin’ In The Bathtub
Herb Magidson, Ned Washington & Michael H. Cleary 1929  ukesterbrown.com (1st note sung is A)

Verse 1:
D       F7
Why am I excited? Why am I so Gay?
A#7   A7   D
Why am I delighted? Oh, What day is today?
F7
Pardon my elation, Everything’s just right,
A#7   A7   D   A7
I get inspiration, Every Saturday night. I’m—

Refrain:
D               A#7
Singin’ in the bathtub, Happy once again,
A7                     D   C7   A#7   A7
Watchin’ all my troubles go swingin’ down the drain.
D               A#7
Singin’ through the soap suds, Life is full of hope,
A7                     D
You can sing with feeling, While feeling for the soap.
Bdim   F       C   G7   Cdim   Bdim   A
Oh, a ring around the bathtub, Isn’t so nice to see,
Bdim   F       C   C7   F   C#dim
But a ring around the bathtub, Is a rainbow to me!
D               A#7
Reachin’ for a towel, Ready for a rub,
A7                     D
Everybody’s happy when singin’ in the tub.

Verse 2:
D                                           F7
Let the whole wide nation worry over cash!
A#7                                A7                      D
I get compensation in hearing water splash!
F7
Never any troubles Cross my bathroom path,
A#7                                     A7                          D       A7
Bathing in those bubbles, I’m knight of the bath. When—

Refrain:
D                                                    A#7
Singin’ in the bathtub, Sittin’ all alone,
A7                                                     D     C7  A#7 A7
Tearin’ out a tonsil, Just like a baritone.
D                                                                 A#7
Never take a shower- It’s an awful pain,
A7                                                                 D
Singin’ in the shower’s like singin’ in the rain.
Bdim            F               C             G7            Cdim  Bdim  A
Oh, there’s dirt to be abolished, But don’t forget one thing,
Bdim         F                                   C              C7                   F  C#dim
While the body’s washed and polished,    Sing, brother sing.
D                                                             A#7
You can yo-del op’ra, Even while you scrub-
A7                                                              D
Everybody's happy when singin’ in the tub.
