Verse 1:
F        C7        F        A7               Dm        F7
Some sweeties love to go walkin’, Walkin’ to them is a lark;
Bb       D7       Gm       G7    C7
Others are crazy ‘bout talkin’, Out on a bench in the park;
F        C7        F        A7               Dm        Fm6
Me and my sweetie are different, Give us a little canoe,
C        Cdim     C     Cm D7           G7       C    C7
That’s our idea of an evening, A wonderful evening for two.

Chorus:
F        Am        F7
We drift along in the moonlight;
Bb                                      Bbm
And what do we do while we drift in the moonlight?
F        Am        F7       Bb       Bbm
We cuddle a bit while we sit in the moonlight, Then we canoe-dle-oodle along;
F        Am        F7       Bb       Bbm
We go along for a minute and what do we do when we rest for a minute?
F        Am        F7
Under the skies the little fire-flies twinkle like the stars up above,
G7                  C        C9     Am      C7    G7    C7
Old Mister Frog who’s sittin’ on a log say’s, “Oh what a night for love!”
F        Am        F7
We drift along in the moonlight,
Bb                                      Bbm
and what do we do while we drift in the moonlight?
F        Am        F7
Why, nothin’ but this, just a kiss in the moonlight,
F        Bb       F
Then we canoe-dle-oodle along.

Verse 2:
F        C7        F        A7               Dm        F7
How can we think about troubles- drifting along while we dream,
Bb       D7       Gm       G7    C7
Watching the silvery bubbles floating away on the stream?
F        C7        F        A7               Dm        Fm6
Under a blanket of moonbeams, There in our little canoe,
C        Cdim     C     Cm D7           G7       C    C7
Heaven was never so near us, It’s just made to order for two.
