## Verse 1)

**G** **A7**  
I know a gal, a wonderful gal, She's the sweetest gal in town  
**D7** **G** **D7**  
You can search for miles around, But no one can be found like this one  
**G** **A7**  
She has a smile that'll open your eyes, In a certain little way  
**D7**  
And every time that you get near her, You look at her and say:

## Chorus:

**G** **A7**  
Red Hot Mama- Red Hot Mama, You're the one I need-  
**D7** **G**  
Red Hot Mama- Red Hot Mama, Yes, in deed!  
**B7** **Em**  
I claim that you should be- in The Follies- Hot tomales  
**A7** **D7**  
You have a pair of eyes, Just like old svengalis  
**G** **A7**  
I confess that you possess the sweetest charm in town  
**D7** **B7**  
And unless I miss my guess, the boys all follow you around  
**E7**  
You make a music master drop his fiddle  
**A7**  
Make a bald headed man part his hair down the middle  
**G** **A7** **D7** **G**  
Red Hot Mama- Red Hot Mama, Sweetest girl in town!

## Verse 2)

**G** **A7**  
I've got a plan, a marvelous plan, That I figured out last night  
**D7** **G** **D7**  
You just let me put you right, That never have I been as clever  
**G** **A7**  
As when I thought I'd purchase a ring, For her pretty little hand  
**D7**  
Then instead of her initials , I'll have it monogramed:
